

Millennium Lions Club officers installed

SEPTEMBER 9 was the 6th anniversary induction of the Houston Millennium Lions Club (HMLC) at the Holiday Inn. It was a Boot Scootin' Country Western Night.

District 2-S2 Gov. Margaret Badeux said the theme for that night was appropriate because the president of the Lions International, Jimmy Ross, is from from Quitaque, Texas, which is the heart of Cowboy Country.

HMLC president Loloy Reyes gave the welcome address. Dist. Gov. Margaret Badeux gave a message and installed the officers.

The message of the district governor was organized, with wisdom and tempered with compassion, and bearing a personal touch. She emphasized values, compassion and the fostering of a spirit of teamwork and cooperation within the organization.

Her message created a deeper context for meaning and worth of the members,

especially when Badeaux said that “the club was a marvel...only six years and look at all the great things they had done.”
